WE HOPE FOR FRITFUL COOPERATION

"The Far East Branch of Russian foreign trade academy of the Ministry for economic development of the Russian Federation" – is the only branch of the academy in the Russian Federation, which has been operating in Kamchatka region for 27 years. It includes two faculties- those of Economics and Law, 3 departments (two of them are graduating ones), the Center for additional education programs and distant technologies, highly professional faculty, many of them having scientific degrees and are the best specialists in Kamchatka region.

The Far East branch trains students for both bachelor's and master's degrees in Economics, Management and Law. The students study the world economy, international law, English for professional purposes (law, economics, and management). There is a scientific laboratory, the branch issues scientific works and manuscripts.

The graduates receive Moscow diploma (Russian foreign trade academy of Ministry for economic development of Russia).

(International reward Golden Mercury)

(Order of Friendship of Peoples for merits in training highly qualified personnel for work in the field of trade, economic, scientific and technical relations of the Soviet Union with foreign countries)

The trademark of the Academy, a symbol of wisdom and knowledge!

Graduates of Russian Academy for foreign trade are thousands of executives and employees engaging in legislative and executive federal and local authorities, foreign trade companies and trade delegations and holding high government positions.

The Far East branch has been representing Russian foreign trade academy in Kamchatka region for 27 years.

High quality education is one of its basic principles in studying process. Over 4000 its graduates successfully work in Kamchatka and other regions, of Russia and abroad.

Thus, you can be sure that education received at the Academy will help you in making successful career.

3. Implementation of basic professional educational programs of higher education for tuition fee.

The amount of the tuition fee can be found on the site (http://dvf-vavt.ru/itogi_priemnoj_kampaniistoimost_obucheniya1/)

4. Implementation of additional professional educational programs (for tuition fee).

Training in additional educational programs is implemented at the Center for education in additional professional education programs and distant technologies (further the Center), which includes the following: professional retraining and raising professional qualification of specialists; entrance exams preparation courses, additional education for minors and adults (http://dvf-vavt.ru/centr_dopolnitel_nogo_obrazovaniya/).

2. Implementation of joint educational programs (JEP) in accordance with the Joint educational programs regulation of the FEB RFTA of the Ministry for economic development.

Joint educational programs are implemented by exchange of students and tutors. Training in a JEP enables graduates to receive two diplomas (degrees) of education – both Russian and Foreign one.

The most favorable programs for training in JEP are Economics, Management, the World economy, Economics of companies and organizations, Company management.

According to the results of independent expert rating and public opinion, “The Far East Branch of Russian foreign trade academy of the Ministry for economic development of the Russian Federation” is listed in the Unified national register of **leading educational institutions of the Russian Federation.**

International cooperation is one of the activities of the Far East Branch of Russian foreign trade academy of the Ministry for economic development of Russia and it enhances the institution's business and scientific reputation in international academia. The geographic areas of the institution's participation in international and scientific activities are near and far abroad.

We offer cooperation in the following directions:

1.Admission for full-time training of foreign citizens on the account of the federal budget via Federal Agency on the affairs of the Cooperation of Independent States, compatriots living abroad, and on international humanitarian cooperation (further – Roscooperation - Rossotrudnichestvo)

A foreign citizen should apply to the relevant foreign company on the territory of permanent residence: Roscooperation (http://rs.gov.ru/ru/contacts), embassies (http://www.mid.ru/ru/maps) including phone and e-mail contacts.

In case of positive decision concerning study in Russia, a citizen should act in accordance with the admission rules of the Far East Branch of Russian foreign trade academy (see section The rules for admission foreign citizens and those stateless persons—http://dvf-vavt.ru/itogi_priemnoj_kampanii/stoimost_obucheniya2/)

We would like to draw your attention to the fact that Russian-speaking applicants are given preferences for admission.
